

Clean Water Solutions. For Your Home. For Your Family.

IN THE BATHROOM:

Your soap and shampoo will lather better. Your hair and skin will feel noticeably cleaner, softer and not as dry. Additionally, there will be no soap scum or mineral deposits to clean off sinks, showers, tub and toilets.

IN THE LAUNDRY:

Clothes will be softer, cleaner, whiter, brighter, and last longer. Using soft water and pure soap products increases the life of clothing, towels and linens up to 33%. Without hard water service issues, washing machines will last longer, too.

IN THE KITCHEN:

Dishes will clean up more easily, and be spot-free, without the gray film glass gets when etched by mineral laden wear. Plus hands will feel softer and look better.

PLUMBING AND APPLIANCES:

Appliances that use water will last longer and run better. Why? Because water heaters, washing machines and dishwashers using hard water can wear out 30% faster.

Your family deserves high quality water. It's essential to our health, good for your home and pets and can save you money. Your professional VESTA water conditioning dealer is trained and dedicated to providing the best solution to the most common water problems.

For more information, call your VESTA® professional water treatment dealer at the number below. Your VESTA dealer will evaluate your water and exact needs providing you with a new VESTA system that will give you and your family years of quality, conditioned water.

VESTA[®]
WATER SOLUTIONS

VESTA PROFESSIONAL SERIES CONTROL VALVE

- Visual Low Salt Alarm alerts when it's time to add salt to the system
- Water use is monitored for peak efficiency
- Built in backup of settings during power outages
- Regenerates only when necessary saving salt and water
- Simple diagnostics and design provide for easy maintenance
- Treated water regenerant refill yields high quality recharge of bed

EXCLUSIVE MEDIA BED

- High quality, chlorine resistant media bed for years of continuous service
- Uniform bead size and distribution for optimum flow rates

HIGH QUALITY BRINE TANK

- High quality, durable construction
- Safety float system helps prevent overflow of the brine tank
- Constructed of corrosion-free materials
- Larger brine tank sizes available in black

VESTA PLATE STYLE DISTRIBUTION SYSTEM

- Delivers evenly distributed and high quality flows
- Large surface area of plate yields lower pressure drop over time.

VESTA[®] Water Conditioners

Each VESTA Water Conditioner is designed to specifically address the water quality issues that are unique to your home providing your family with outstanding water. The very best components, features and state-of-the-art design go into every system providing you with years of high quality, conditioned water.

VESTA[®] Twin Conditioners

The VESTA Twin Control Valve is one of the most advanced controls available giving you soft water 24 hours a day, 7 days a week 365 days a year. A VESTA Twin tank water softener monitors your daily water usage and regenerates only when necessary. This saves you salt, water and money!

VESTA[®] Air Injection Oxidation

Does your water smell like rotten eggs? Do your sinks & toilets have orange staining? The VESTA AIO™ (Air Injection Oxidation) Filter System may be the answer to your water problems. The VESTA AIO™, as a chemical free, single tank system, is an efficient and cost effective solution.

The VESTA AIO™ features Control Flow Technology™ meaning air and water are managed by the VESTA Control Valve during the regeneration process. There is a controlled release of air and regeneration is stalled if the system detects water usage.
